

East Irondequoit CSD

Inner-ring suburb – Rochester, New York

- 3,500 students
- Two K-2, Two 3-5, One 6-8, One 9-12
- 33% Free / reduced
- 25% Black and Hispanic

No Child Left Behind 2001

“to ensure that **all children** have a fair, equitable and significant opportunity to obtain a **high-quality education**, and **reach**, at the minimum, **proficiency on challenging** state academic standards and **state academic assessments**.”

NCLB's educational blueprint

- Accountability for student performance
- Focus on what works
- Empower Parents
- Increased Flexibility

PD Builds Capacity

Effective use of technology is critical to each element

leadership and learning
Doug Reeves

High scores	Lucky High results Low understanding	Leading High results High understanding
Student Achievement	Losing Lows results Low understanding	Learning Low results High understanding
Low scores		

Understanding what improves student performance
Low level High level

put professional in professional development

- **Policy** set by PD committee
- Adopt a **district model** of effective teaching
- **Differentiate** offerings
 - Summer Academies
 - Online
 - Mentor
 - Personal trainer
- Encourage **skepticism**

Three examples – performance, technology, and PD

- District web site
- New middle school
- Partnerships

in 2000 we launched a new site

- **Teacher / admin / staff training** FrontPage
- **Distributed FTP access**
- **Post it on line**–
 - showcase projects
 - student work / photos
 - performance data
 - committees
 - curricula

www.eicsd.k12.ny.us

our new 6-8 middle school

our former 7-8 junior high school

- Outmoded approach to technology -
- Computer apps course
- Disconnected from content
- Mix of students
- Labs locked up

Answer: eliminate technology classes

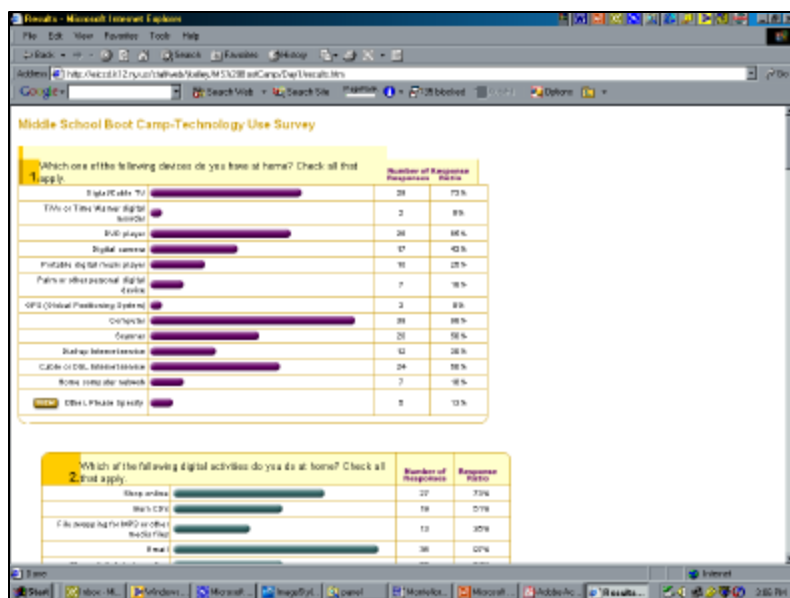

Each classroom - computer, document camera,
DVD/CD/VHS player, cable TV, LCD projector.
Mobile laptops and Danas
Digital video server
PolyCom

3 Day Summer Middle School Tech Camp

Day 1: The instructional setting
Day 2: PowerPoint presentation techniques
Day 3: The learning environment / Partnerships

We need to think *critically* about technology and instruction

What computer tools do we have at our new middle school? (*comprehension*)
What can they do? (*analysis*)
How can they be used to improve teaching and learning? (*evaluation*)

Are they better than an overhead projector?
Are they worth the money?

Design and delivery of a learning environment to support:

Content mastery of standards
Critical thinking
Appropriate technology skills
Effective management of new technologies

Instructional Technology Partnership: St John Fisher College

Joint action research teams explore effective application of technology
10 week field placements

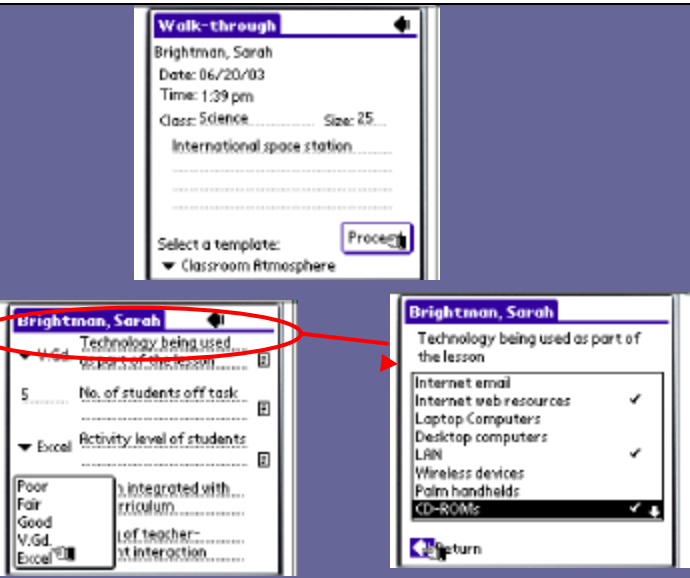

On-line Office tutorials for teachers and students

2003

Design a Palm-based walk-through tool

Customized template
Palm input
Sync back to database
Auto-email to teacher

Walk-through

Brightman, Sarah
Date: 06/20/03
Time: 1:39 pm
Class: Science Size: 25
International space station

Classroom Atmosphere

Brightman, Sarah

Technology being used as part of the lesson

- Internet email
- Internet web resources
- Laptop Computers
- Desktop computers
- LAN
- Wireless devices
- Palm handhelds
- CD-ROMs
